

Previously Used Equipment Acknowledgement Form

This acknowledgment is to accompany the Standard Disclosure Form for an Illinois Solar for All (ILSFA) project that uses previously used equipment. This form must be completed by the Approved Vendor and reviewed and signed by the participant, and then submitted to the Program Administrator as part of the Part I project submission **before** installation. ILSFA program requirements dictate that previously used equipment may only be used if a) the Approved Vendor is able to demonstrate that they are providing a warranty equal to that of which would be available for the same equipment if it were new and b) demonstrate that the participant is aware of, and agrees to, the use of used equipment.
